Our Bachelor of Business Administration (BBA) programmes were first accredited by NVAO in 2006 and re-accredited in 2012 & 2018. Our Master of Business Administration (MBA) programmes were accredited in 2015. Our Master of Science (MSc) programmes were accredited in 2020.

The Master of Business Administration (MBA) and Bachelor of Business Administration (BBA) programmes are accredited by the German-Swiss-Austrian accreditation agency, the Foundation for International Business Administration Accreditation (FIBAA).

Wittenborg has been an AACSB member since 2017, and has embarked upon the preparations for AACSB accreditation, an institutional award which is globally recognised. The originally American AACSB and the Dutch accreditation authority NVAO have a partnership that allows for some overlap in recognition.

In 2017, Wittenborg was granted membership of the Association of MBAs (AMBA) Development Network. AMBA is considered one of the world's leading authorities on postgraduate business education. It is the intention of Wittenborg to work towards AMBA accreditation for its MBA programme.

All of our International Business Administration programmes have received the Certificate for Quality in Internationalisation by the European Consortium for Accreditation in Higher Education (ECA).

We have become a member of the newly launched Business Graduates Association (BGA), an accreditation organisation that expects its members to prove their commitments to social responsibility, diversity, equality and lifelong learning.

The IBA (Bachelor) in Financial Services Management has been accredited by ACCA - the Association of Chartered Certified Accountants - a global body for professional accountants.

In 2019, we became a member of the Council of International Schools (CIS), a membership community that shares the fundamental pillars of Wittenborg: internationalisation, diversity and ethics. Members of CIS are characterised by a pursuit of high standards in leadership, global citizenship and sustainability.

As member of the European Foundation for Management Development (EFMD) - a network of business schools and corporations dedicated to enhancing excellence in management education and development globally - Wittenborg is part of around 950 institutional members from over 90 different countries in the EFMD network.
Apeldoorn

Wittenborg’s main campus is located in Apeldoorn, in the centre of the Netherlands. Apeldoorn is a pleasantly green, clean, and safe city to study in. Our campuses are situated to the north and the south of the central station, in two buildings known as the Aventus Building and the Spoorstraat Building. Wittenborg students can enjoy ‘the gentle lifestyle’, while still being only an hour by train or car from the bustling Dutch capital Amsterdam, or the German border to the east. Schiphol airport is also only an hour away.

Amsterdam

Our Amsterdam Campus is located in the heart of one of Amsterdam’s business districts, just 15 minutes from the capital’s tourism and cultural heritage. Amsterdam’s international and entrepreneurial character matches perfectly with the needs of modern talents for global orientation, while studying in Amsterdam adds an exciting dimension to the Wittenborg experience. Students following the business and entrepreneurship programmes there often live in the city and combine their studies with business start-ups, which the city is famous for. The campus is within a business complex close to public transport and Schiphol airport.

Partner Colleges

Our programmes are also offered at our partner colleges in München (Germany) and Bad-Vöslau (near Vienna, Austria).
Although the Netherlands is a small country, it is home to many different nationalities. Compared to other European countries, Dutch people speak good English. Still, it is a good idea to use the opportunity as a student to learn Dutch - at Wittenborg, Dutch classes are offered to all students.

Without doubt, the Netherlands is the bicycle hub of the world. The excellent network of bicycle paths makes cycling a safe, healthy and comfortable way of getting around.

Holland is also perfectly located when it comes to travelling across Europe. Cities such as Berlin, Rome, Paris and Barcelona are all just a couple of hours away by plane from Schiphol airport. The excellent infrastructure as well as low-cost flight, train or bus tickets make travelling easy and accessible. Many international students at Wittenborg organise their studies in such a way as to allow plenty of time for travelling around Europe.
We offer you one of the most flexible entry date systems in the Netherlands, which gives you the possibility to start or graduate in each block - 6 times a year.

Thanks to our temporary Hybrid Learning approach, you will be able to start or continue your studies during the COVID-19 period in an interactive way regardless of your location.
POSTGRADUATE PROGRAMMES

The development of skills, competencies and knowledge never stops. At Wittenborg we believe that our postgraduate students should be stimulated to develop as far as they can, sowing the seeds for continuous and productive learning. Learning is a life-long activity that you will appreciate as a highly valuable asset to your career.

At Wittenborg we offer two types of master’s programmes, the MBA programme, which has 9 different specialisations, and our MSc programme offered in 8 specialisations.

Our master's degree programmes are offered full-time and part-time, lasting between 1 and 2 years.

Next to our master’s programmes, we also offer pre-master’s programmes. This programme is perfect for you if you wish to study one of our Master of Business Management programmes, and require or would like to study a half-year master’s preparation course that will fully prepare you for your chosen programme. With the main elements of business and management covered within the first semester programme, you will enter the MBM programme of your choice very well prepared.
